Best regards,

Director of Alumni Relations
to the Radisson Blu Scandinavia Hotel, to your gateway city. to the airport in Tromsø

Come away with a deeper appreciation for Norway’s resplendent beauty and charming culture. Enjoy more of Bergen independently.

Admire Norway’s resplendent beauty in breathtaking panoramas aboard mountain peaks. You’ll cruise along an awe-inspiring fjord, revel in first-class stays in dynamic Oslo, and get acquainted with your fellow travelers.

Like a little bit of heaven on earth, Norway’s sublime landscapes of lush, emerald fjords and snowcapped mountains will take your breath away! Get set for an exciting adventure in one of the world’s most dynamic countries, and let our experts help you to learn about Norway’s 4,000-year history of Nordic culture. From Viking symbols to today’s modern wonders, Norway is a world of discovery.

On Day 2, you’ll arrive into Oslo, Norway’s cosmopolitan capital, where you’ll be met by your Travel Director. Embark on a walking tour of the city, which is the gateway to the fjords. Visit the art and history museum, Akershus Fortress, and learn about the rich heritage from both the indigenous Sami people and the Norse people. On a guided tour, visit the Arctic Cathedral and ride a cable car to Fjellheisen (mountain lift) for a panoramic view of the city. Enjoy dinner at a restaurant that reflects the history and culture of Norway.

On Day 3, you’ll enjoy free time to explore this vibrant city on your own. In the afternoon, you’ll visit the famous Vigeland Park for a guided stroll to see statues by Norway’s acclaimed sculptor Gustav Vigeland. After lunch, you’ll catch a scenic cruise on the Oslofjord from Aker Brygge. Take in the stunning scenery of the fjords and the city, and enjoy the onboard musical performances.

On Day 4, you’ll head to the historic city of Bergen. A must see is the famous Hanseatic wharf, Bryggen, an important trading center for the medieval Hanseatic League. Takes you past striking, modern architecture for a panoramic view of Bergen and the surrounding fjords. Enjoy another cruise on the Oslofjord before leaving the city on the Flam Railway. Take in the breathtaking views, passing through mountain passes and valleys before arriving in Myrdal. Enjoy free time to explore this plateau at more than 4,000 feet above sea level.

On Day 5, you’ll arrive in Tromsø, known as the gateway to the Arctic. Nestled by a sheltered fjord, Tromsø is one of the most northern cities in the world. Here, you’ll be met by your Local Expert and explore the beautiful and intriguing natural phenomenon of the Midnight Sun. This beautiful andinging phenomenon occurs because of the Earth’s tilt and its rotation relative to the sun. As the Earth orbits the sun, the angle of its axis — at 23.5 degrees to the Earth’s orbit — means that part of the planet will be closer to the sun. When the Northern Hemisphere is tilted toward the sun, it’s summertime there. During this season, as the Earth rotates about the sun, the pole at which the sun appears to rise and set moves north and south. This is why we call it the Midnight Sun. Witness this unique phenomenon as you explore Tromsø.

On Day 6, you’ll enjoy free time in Tromsø. Visit the Arctic Cathedral and ride a cable car to Mount Storsteinen. Enjoy another scenic cruise to the beautiful and untouched wilderness that surrounds it. On your return to Tromsø, you’ll visit a working kennel and gain insights about how the dogs are trained, then enjoy cuddling adorable husky puppies. Try fresh, authentic northern specialties at lunch. Your Travel Director can offer ideas. In the afternoon, you’ll visit the Tromsø Museum to learn about the people and the Norse people and their life in the Arctic Circle. Enjoy more of Tromsø independently.

On Day 7, you’ll depart for the return flight to the USA. 

Your excursion begins in Oslo, Norway’s cosmopolitan capital. Norway is home to the University Museum of Norway, the Nobel Peace Center, the Oslo Opera House, and the famous Vigeland Park. Enjoy a walking tour of the city, which is the gateway to the fjords.
