NORTHERN LIGHTS

AND THE WILDLIFE OF
NORTHERN MANITOBA

Orbridge

Dear UCLA Alumni and Friends,

Venture with us into the vast Canadian North—a remote tundra teeming with glacial landforms, boreal forest and beautiful wilderness—accessible only by plane or boat. Your destination: a supremely outfitted sporting lodge that will be home base after days filled with wildlife spotting and thrilling outdoor adventures.

Northern Manitoba is considered to be one of the best places in the world to view the northern lights, and fall is considered the best time to view this phenomenon. After leisurely evenings at the lodge featuring delicious dinners, take advantage of opportunities to watch for the northern lights under pristine skies.

Each day, discover the area's uniqueness during guided interpretive tours focusing on wildlife, botany and geography, and learn about local plant life the First Nations Peoples used for food sources and medicines.

At the lodge choose between activities like hiking, fishing, kayaking or canoeing, or join optional excursions to explore the area even further.

Space is limited. With significant savings of more than \$1,000 per couple, we anticipate this program will fill quickly.

Sincerely,
